ABOUT ME

Frontend Developer with 4+ years of experience creating dynamic, responsive web interfaces using React, JavaScript, HTML, and CSS. Skilled in building seamless user experiences, implementing custom features, and collaborating with backend and other teams to deliver high-quality solutions. Focused on performance, scalability, and staying up to date with the latest technologies.

EXPERIENCE

Front-end developer
Frosmo Oy, Helsinki, (2021 - Present)

- Frontend Development: Expertise in React, JavaScript, TypeScript, HTML, CSS, and SASS.

- UI/UX Design: Skilled in creating dynamic, data-driven interfaces and reusable components.

- Collaboration: Experience working in Agile and Kanban environments with cross-functional teams.

- Customer Support: Experienced in providing technical support and creating customer-centric solutions.

Software Developer
Haaga-Helia UAS (2020 - 2021)

- Developed dynamic and responsive user interfaces using React and TypeScript, ensuring seamless user experiences.

- Integrated GraphQL and relational databases to manage data efficiently, ensuring smooth communication between front-end and back-end systems.

- Collaborated with Siili Solutions on a web application project, utilizing AWS for deployment and implementing scalable architecture.

Assistant Manager/Shift Manager
Taco-bell Helsinki (2018 - 2021)

- Managed and supervised shift workers, ensuring smooth and efficient operations during peak and off-peak hours. Planned and organized workloads to optimize productivity and maintain consistent service standards.
